

Anything you did for one of the least important of these brothers and sisters of mine you did for me.” Matthew 25:40

BLESSINGS FOR HUMANITY (BFH)

MINISTRY UPDATES UP TO NOVEMBER 2011

“Me and my husband is totally free from burden giving out our daughter to the Day Care program at BFH-WSA school. From morning to till evening we do our work without any restraint. We are very thankful to BFH-WSA for doing this great job for us.” says a mother of a day care child.

Blessings for Humanity: Blessings for Humanity (BFH) a small gospel preaching ministry. It has been contributing in the field of Church Planting, Children Ministry (preschool, sunday school, orphanage), Bible School Ministry (bible correspondence course), Education Ministry (formal school, day care) and Training Ministry (computer & sewing) with its limited resources. The working areas are Khulna, Chittagong and Dhaka.

Church Planting: A small church has been planted at Chunati, Chittagong with the new born people. The worship day is Friday. People from Hindu community also attend the church and the Sunday school children are main audience of the church. We are praying for our 2nd church in Khulna.

Children Ministry: *“Behold, children are a heritage from the Lord, the fruit of the womb is reward.” Our objective is to nurture ever child for the Kingdom of God.*

Sunday school program is really outstanding here. Almost all the children are coming from Hindu community. Their parents and relatives never heard about the Gospel at all. Every Friday morning the children attend to Sunday school like regular church members. They sing, worship, pray and recite Bible verses. It is great miracle that children are attending church accept their parents. We may call it Kids’ Church. They are now learning about the great love of Jesus Christ! Up to November 2011, we have 20 children who are attending the school regularly.

Preschool is also an exceptional program. They are from very needy and poor family. In addition to their school work we teach them spiritual formation: About God, The creation of Heaven and Earth, Sins & sinners, God's great love and sacrifice for sinners through Jesus Christ and the hope of eternal life etc. 18 children are attending at the preschool class. They are receiving education, education materials one time food. More children are on the queue. We need prayer to adopt some of them.

Orphanage: *“Anything you did for one of the least important of these brothers and sisters of mine you did for me.” Matthew 25:40.* This is for the most vulnerable children. In addition to residence BFH provides them food, clothes, education, treatment, spiritual formation. A lot of vulnerable children are around us around us. You, me and we can protect at least some of them in Jesus name.

Bible School Ministry: Our objectives are to move our youths and adults to Church and to reach out

and adults to Church and to reach out Gospel Message to all community people. Normally we distribute bible correspondence course through churches. Participants receive & fill up the courses and return them again to for scoring. At the end of first 3 courses we award them New Testament and after completion of 5 courses we award them Certificate and Holy Bible. The program is not only for Christian people but also for all literate people from all communities so that the Gospel message reaches out quickly. From June 2011, the program is being held up for funds to purchase Bible and course materials! We need prayer.

Education Ministry: Our objectives are to connect a number of children and their parents at a time, provide quality education to marginalized children, create awareness of education and information to poor community groups, prepare a ground to let them know about the Gospel of Message of Christ and to help the community to transform their lives.

This is William Shakespeare Academy (WSA), an extremely effective program of BFH continuing by last 3 years. The number of students is gradually increasing. We teach from Play group to Grade 5 (3 - 12 years) following our national curriculum. The school is very closed to Uttara Model Town, a very rapidly growing city in the capital city of Dhaka. But people are here still living with the backward and fundamental sentiment. Based on their situation we are providing quality education to

marginalized children. 9 full time staffs are working hard so that the school will achieve a good recognition. Mean-time one of our students Season Sarker has been awarded by Dhaka Kindergarten Association for his distinguish results in the Kindergarten Scholarship Examination. This year 3 students of grade 5 have attended recent past public examination 2011. Up to November the statistics of our students are as follows:

Statistics of Students

Play	Nursery	KG	Class I	Class II	Class III	Class IV	Class V	Total
13	11	8	8	7	6	4	3	60

Day Care Ministry: This is a very unique program to grow a child with full love and care with us all day long. They are being lead with the environment of God. The children staying in the day care are from Hindu and Muslim communities. They come in the morning, have refreshments with us, lunch with us, and afternoon tea with us and depart at every late evening. Up to November we have 7 children at Day Care Ministry.

Parents Gathering & Vaccination: Our objectives are to
> aware people for safe health & education

We have been able to arrange a parents gathering in May 14, 2011 on the occasion of Vaccination for all and Results Distribution. On the program we had a presentation on safe health & education. Technical expertise from Care Foundation (a national organization) were also attended the program. Then we distributed the Results of 1st Term examination to the guardians. Some of the guardians also participated on the discussion. It was really a good program to exchange their observation on education.

As the Vaccination program is an on going process we arranged several vaccination workshops in each month. Care Foundation supplies the vaccines with a minimum cost through their technical expertise/ nurses. From May to October we arranged 6 workshops so that the local people come and receive vaccines on Hepatitis B, Hepatitis A, Chicken Pox, Cervical Cancer, Typhoid Fever etc. The outcome is really praiseworthy. We are receiving a huge responds for the same program in the future. We need prayer for all those things.

Extracurricular Program:

In addition to formal education we arrange different kinds of program on every Saturday like Creative Class, Puppet Show, Visual making. All these are leading our children to learn about the basic things of the Creator, the creation of the Heaven & Earth, the Good News of Christ etc. We provide them Biblical example in the class for their inner sense purification. We practice soft

Biblical song which are easy to learn and sing outside. We believe all these things are helpful to gra child to glorify the Lord Jesus Christ.

In addition to our achievements we had a number of weaknesses by last one year. We can count our achievements but the weaknesses are countless. We submit all our weaknesses and lacking to God who knows all reasons we could not achieve.

Thanks & gratitude: We are very thankful to Lord for caring and providing us all our needs in time. A great number of blessings we received by last one year that can not be count by numbers. We are thankful to all our prayer partners and contributors – because this ministry in Bangladesh is only going on with your faithful and great contribution. God may bless all those hearts and fill with the spirit of joy and blessings!

Prayer Recommendation: As the children are increasing day by day we hope to enlarge our programs not by our own will but by the will of our Lord Jesus Christ! We are pleased to submit our future plan upon Him. He will do all things in His time! Please pray with us;

- we hope to continue our ongoing programs smoothly for the well being of our children. Please pray.
- we hope to see a great number of children saved by the Holy Spirit so that a new generation may come out to lead the nation.
- we hope to provide a small Christmas gift to 80 children (at our all programs). It may cost \$800.00. Please pray
- We dream to have a resident Bible College at Chunat, Chittagong. We already prepared land. Please pray

God may bless us all as we are working for His Kingdom together.
